Ort, you silly girl! Why are you sitting under that tree? You're supposed to bring our food home.

Get up you stupid
shit! How dare you
disobey me?!

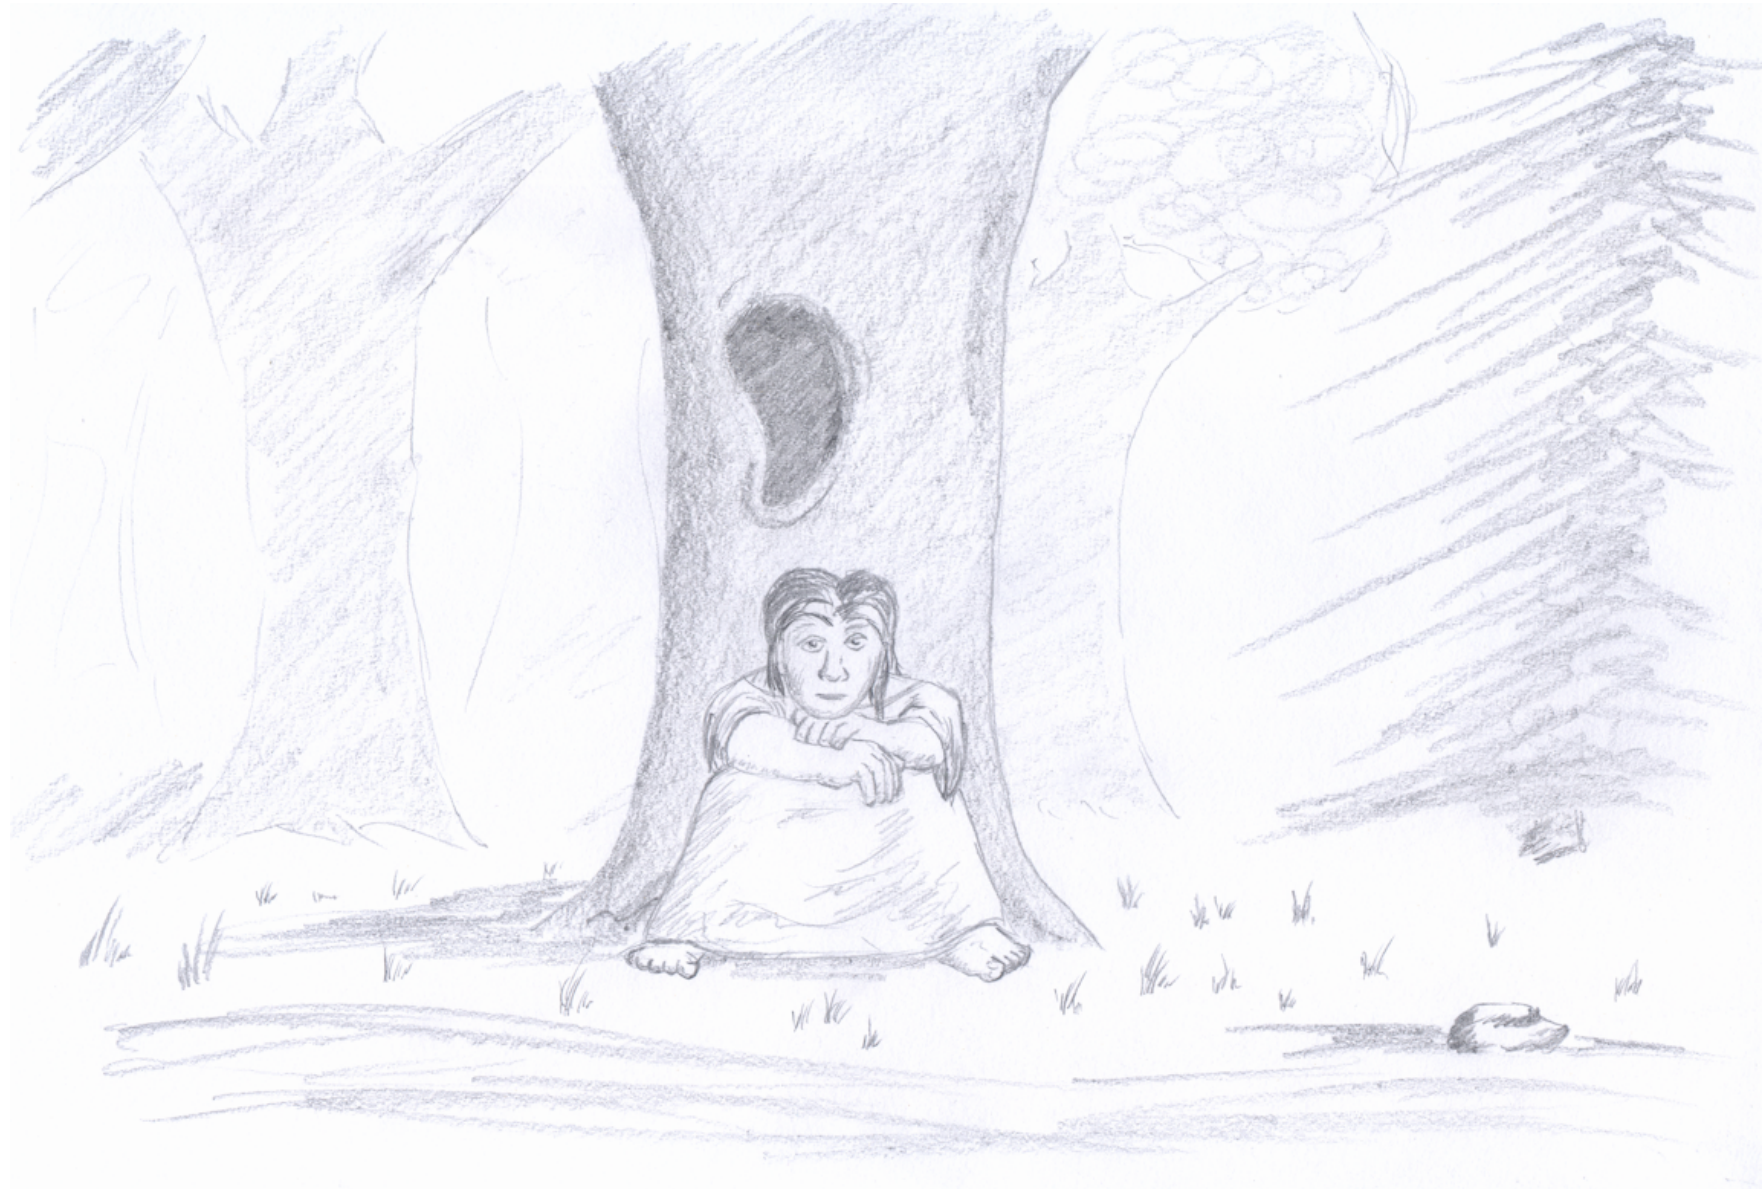

Good Lady Moon, they
say we are all part
of you. But how can
that be?

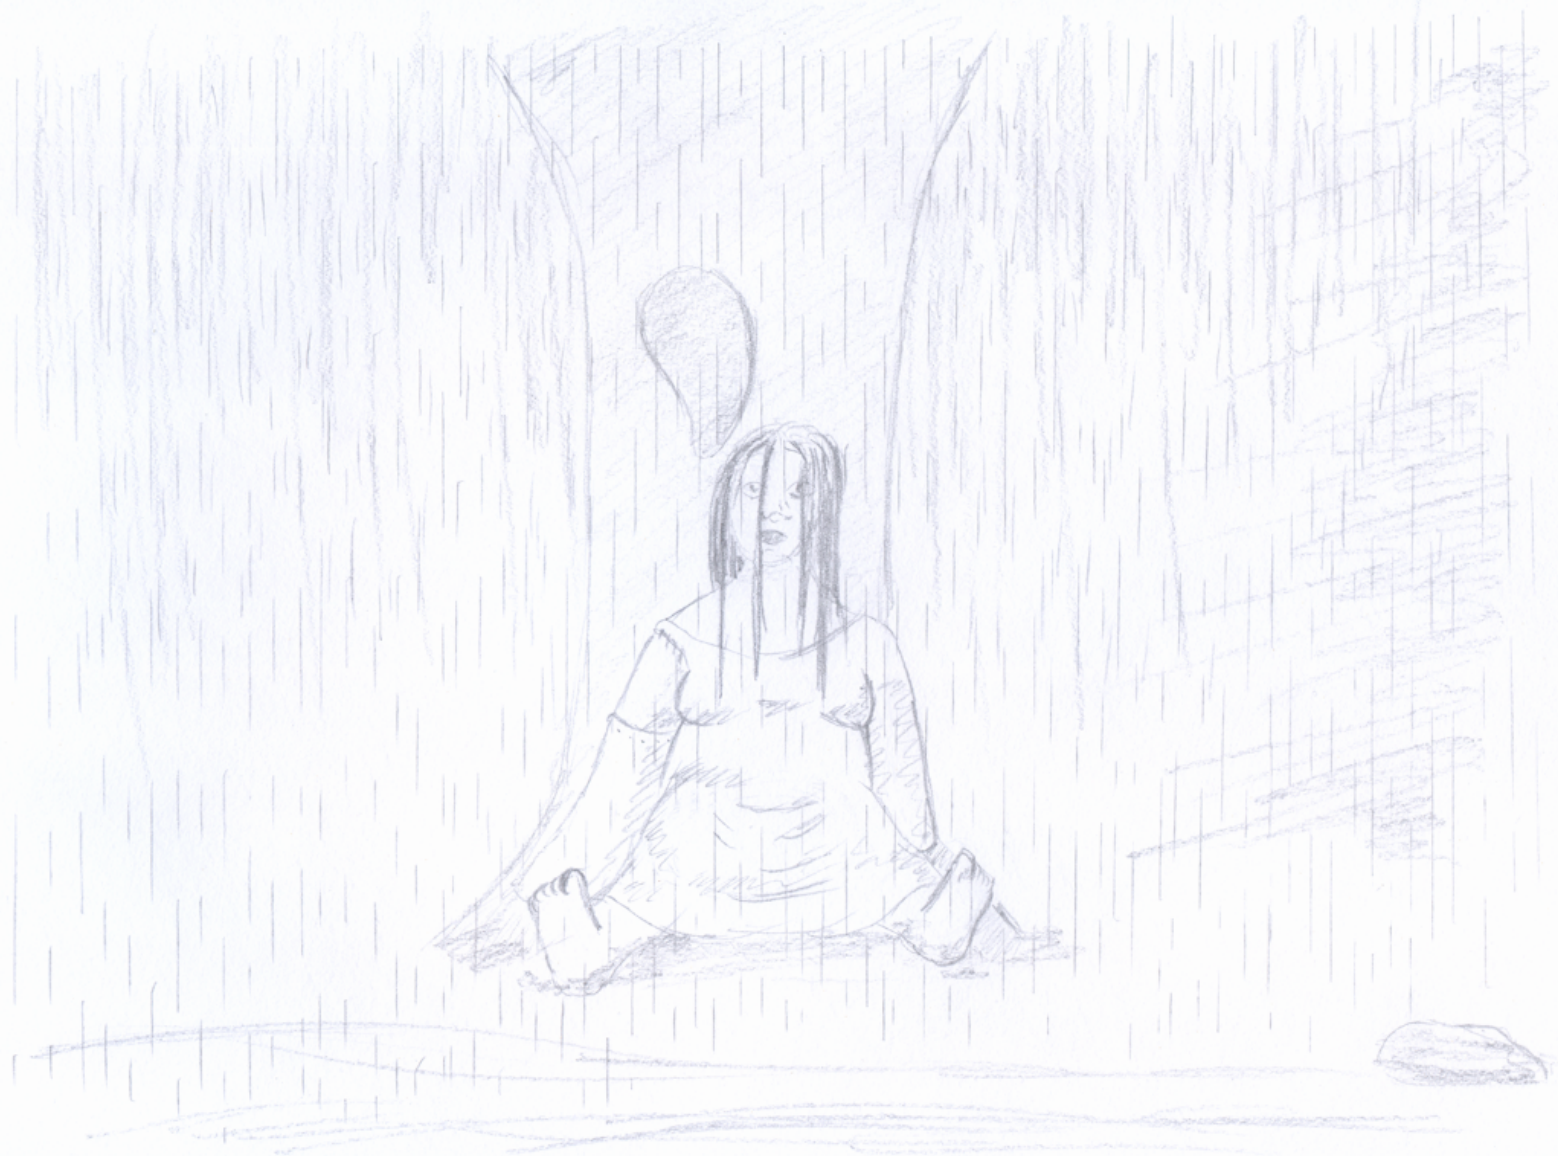

You are so big and
beautiful, I'm so stupid
and useless.

I can't just keep
sitting here.

What more can I do?
For a whole year I bother
no one, not even for food
or water.

Still they hate
me. Oh Moon.
Help me!

The goddess used
to live among us,
but after the war
she disappeared
and the location
of her temple was
forgotten.

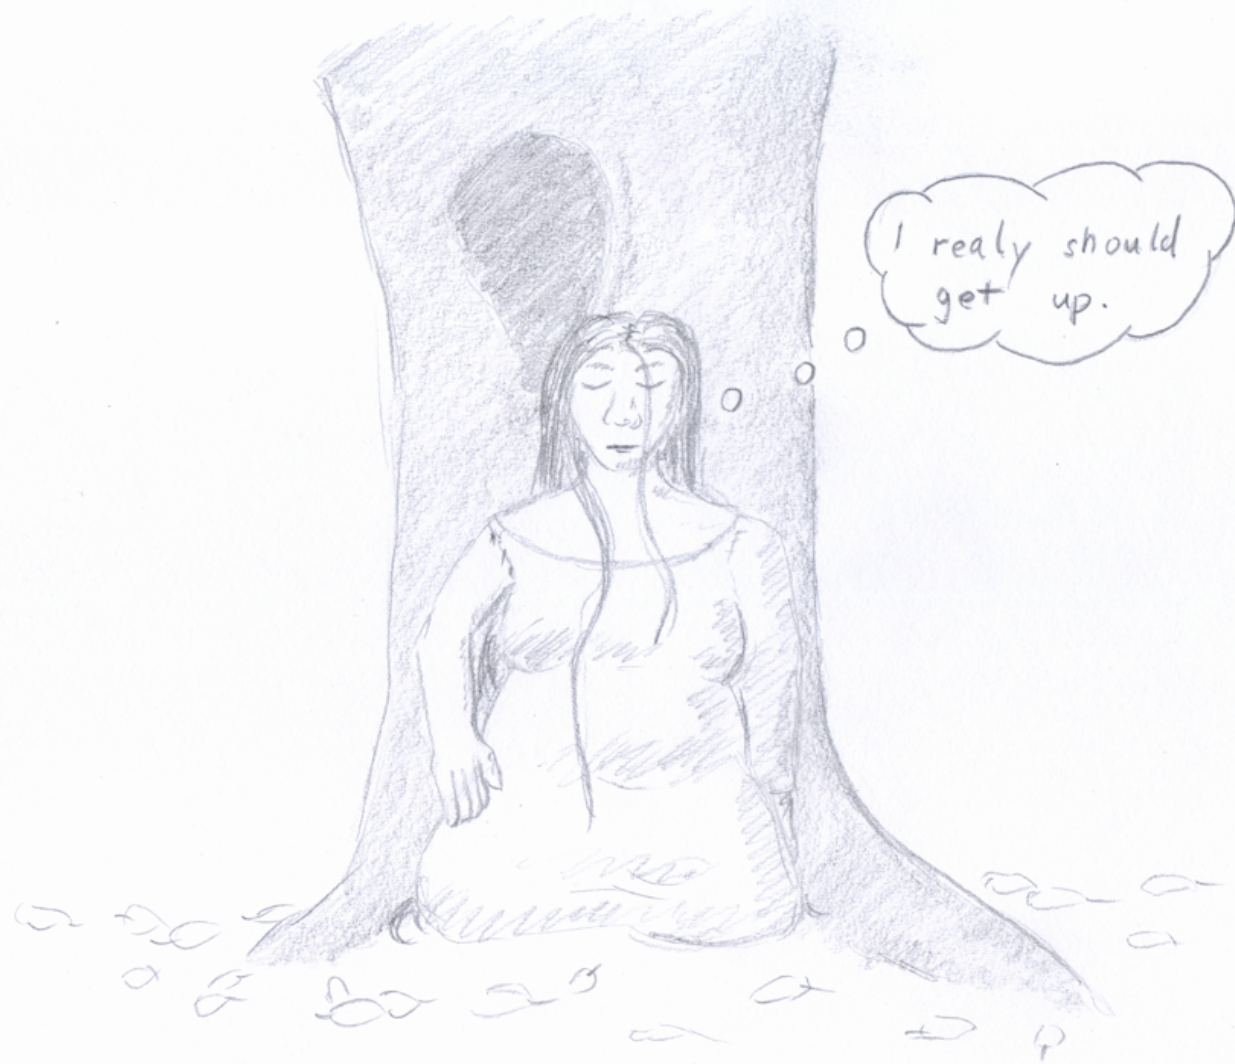

Thank you
for sitting with
me.

I really should
get up.
